2 caps vitamin E (1000 IU)  
1 tsp ROE  
3.6 oz WSP PINK EO/FO 6% (Added to castor oil 1 hour before)

NOTES: Batch reached emulsion in 2 minutes and then accelerated! Had to glop & plop into molds. Cut and rebatched 2 days later with 82 oz shreds + 8 oz. water.

250°F oven for 1 hour. Barely melted at all. Added 4 oz water and went 1 more hour. Had turned off oven by mistake. Added 4 more oz. water and heated for 1 more hour. Molten. Poured like HP soap, i.e., not smooth.

Made 12 bars, 5.25 oz - 6.70 oz.  
4 mini bars, 1.3 - 1.75 oz.  
6 rounds, 1 oz - 1.25 oz.
